* **Kilkeel Co-ordinates will take you to a position on opposite pier**

****Two photos required Arranmore Island**

2023 Photo Rally Notes

It is recommended that you print this sheet and take it with you on your ride. It helps to remove any doubt as to what you are meant to be photographing. Your Motorcycle should always be included in the photo. Every year, we receive photos taken at the correct location but of the wrong “thing”. Bringing a copy of this sheet with you, removes all doubt about the photograph subject.

Due to ongoing construction at Arranmore Station, and in order to make things a little more interesting, we require TWO photos from Arranmore as indicated. If you return from Arranmore with only one photo, you did not comply with the instructions and therefore will not be credited with both points. There are two ferry companies running to Arranmore from Burtonport – red and blue. While on the island we strongly encourage you to take the time to ride the circular loop road around the island. There are several gravel tracks to explore as well.

Please make our job easier by ONLY uploading a SINGLE photo of each location showing your motorcycle as well. Uploading multiple shots of the same location makes it difficult for the back room staff as they have to look through multiple duplicate photos in the album to perform a count. Also, please, do not **upload photos taken by drone**. It can be very difficult for us to identify the location and we end up having to email to ask “where is that”? Also, take a “subject reflected in my mirror” photo if you want, but keep it for yourself. Again, it can make it hard to identify locations

Whilst we have taken as much care as possible with the location data, whilst we check and double check, mistakes do sometimes occur in the transition from documents to maps to websites etc. Any mistakes in the data will come to light early in the rally. Always keep an eye on the Website and Facebook for any location corrections.

Remember, there is no competitive element at all to this event. If you want to ride to all the locations as soon as possible or in one big ride, fine. If you want to take the entire allotted timeframe in multiple days out, that's ok too. During your ride, you will possibly encounter many roads you have not ridden on before and are therefore unfamiliar with. That's all part of the fun. But remember, Ride safe, Ride sensibly and enjoy yourself!
